

Please help us keep our community safe!

Allowed face coverings are required in the building
We are happy to provide a surgical mask for anyone who needs it

ALLOWED

Non-medical disposable masks

Masks that fit properly (snugly around the nose and chin with no large gaps around the sides of the face)

Masks made with breathable fabric (such as cotton)

Masks made with tightly woven fabric (i.e., fabrics that do not let light pass through when held up to a light source)

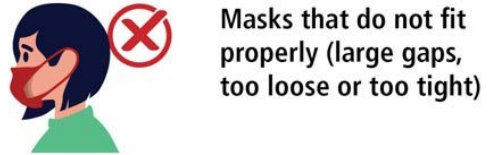

Masks with two or three layers

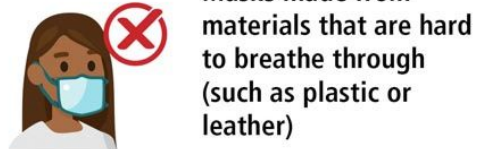

Masks with inner filter pockets

NOT ALLOWED

Masks that do not fit properly (large gaps, too loose or too tight)

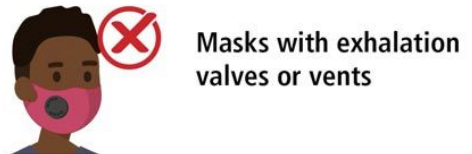

Masks made from materials that are hard to breathe through (such as plastic or leather)

Masks made from loosely woven fabric or that are knitted, i.e., fabrics that let light pass through

Masks with one layer

Masks with exhalation valves or vents

Wearing a scarf/ski mask as a mask

If the accompanying adult is unable to wear an allowed mask the following accommodations can be made:

- Child can come back alone
- Another family member/friend who can wear a mask can bring the child
- Delay treatment until someone else can bring child or the mask mandate ends (this increases the risk of undiagnosed decay, and/or progression of disease)
